Dear Josh,

After discussion with the Editorial Board of the Kagaku-Asahi, we decided to translate and use twelve articles of your 'Science and Man' to the Kagaku Asahi issue on genetics.

For publication of the complete edition, I will arrange separately with the above matter either with the Asahi or other publishing co.

The Kagaku Asahi is very anxious to be informed about the conditions for official approval. The information may be sent to me or directly to

The Editorial Office of Kagaku-Asahi
